- In this step, I am selecting all the options for running the ingest modules.

- In this step, I am expanding the folder to get to the documents section. I then investigate the available files.

- In this step, I am exporting the file that I think has to do with this case, which is her suicide note. I also exported her assets file.

Report:

After extracting the files and examining them, the first thing that stood out to me was her suicide note. Originally, I thought that this could just be a suicide, but upon looking at her assests, she has about \$2.8 million total. This shows that her boyfriend could have killed her and tried to stage it as a suicide to take her assets.
