Problem

Write a complete program to display the following output on the screen. Your out should be very similar to the following. Feel free to make changes to the characters that I have used. Be creative if you want

In this assignment

- use materials learned in this week module.
- You will be using escape sequence characters .
- Naming conventions
- Naming rules
- Comments throughout the code
- Exact same output
- Proper Indentation
- Proper commenting

```
                      .
                    /"\
                  /"_"\
                /"_"_"\
              /"_"_"_"\
            /"_"_"_"_"\
           _ _ _ _ _
         /"_"_"_"_"_"\
          ||||||||
         |  ~       ~  |
         @| o  /\  o |@
         |     ----     |
         |_____|
            | |
          __ | | __
         |        |
         /|   PEACE   |\
        /  |_____|  \
     *       ||    ||       *
            ||    ||
            ||    ||
            /\    /\
            /\    /\
            \/    \/
         \"_"_"_"_"/
          \"_"_"_"/
           \"_"_"/
            \"_"/
             \"/
```
